

Shredder Performance Kit

For DAHLE CleanTEC® Series

Save Money — Looking for creative ways to protect your budget? This performance kit will help. It provides all the necessary supplies, reduces the hassle of ordering, and saves you money in the process. As a bonus, your DAHLE CleanTEC® will continue to provide a healthy, fine dust free work environment. Kit includes:

- **Fine Dust Filter** — Permanently traps up to 98% of harmful dust particles.
- **Shredder Oil** — Specially formulated to eliminate any residue that could attract dust and clog the cutting mechanism.
- **Shred Bags** — Designed to expand and maximize your shredder's capacity.

Maintain Performance — By changing the filter regularly, emptying the waste bin when it's full, and periodically filling the oil tank, your DAHLE CleanTEC® is guaranteed to operate at peak performance.

Features

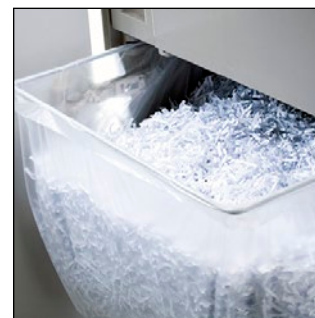

- 100 Shred Bags
- DAHLE CleanTEC® Filter
- (6) 12 oz. Bottles of Shredder Oil

Filter — DAHLE CleanTEC® filter traps up to 98% of the fine dust and provides a healthier work environment.

Oil — Dahle's shredder oil is specially formulated to reduce heat and ensure proper lubrication.

Bags — For easy disposal of shreds Dahle's shredder bags are designed to expand and maximize waste capacity.
