

Office Products

Dahle Office Products can be found in the offices of professionals throughout the world. These items are made of the highest quality and are designed to improve performance and efficiency at work. Whether you need an object that's just out of reach, or are sending out monthly invoices, Dahle's Office Products will help you get the job done faster and easier. The time saved in productivity will allow you to focus your efforts on more important issues.

Magnets

Dahle magnets are handy items for holding daily reminders or mounting items to a metal surface. These magnets have a high cling value and will stick to any object with a reasonable iron content. Their durable plastic cap features a ridge for easy placement and removable. Each magnetic surface has a coating that prevents scratching on the cling-

ing surface. Dahle magnets are available in a variety of shapes, sizes, and colors.

Roll-A-Step

Reaching for an object can be dangerous without the proper height and stability. Dahle's Roll-A-Step provides enough of both to ensure safety in any work environment. Moveable casters provide easy placement but disappear when the object is stepped on. The thick rubber ring at the base provides even support and prevents movement on any surface. The large upper platform supports up to 300 lbs. and provides 16 1/2" of reach. The Roll-A-Step is made of hardened durable plastic and will withstand immense pressure. This product is perfect for the office, in a classroom, or even at home.

Letter Folders

Increase your productivity on your next

mailing with a Dahle Letter Folder. These durable folders can fold up to 5 sheets of paper at a time and are quiet enough as to not disturb normal office function. These machines fit neatly on any desk and model 10560 will produce a variety of common paper folds. So the next opportunity you have to mail invoices, send out a survey, or mail a business letter, Dahle Letter Folders will save you time and increase the productivity on your task.
