

Breathe Easy with DAHLE CleanTEC®

The World's Only Shredder with Integrated Fine Dust Filtration

DAHLE CleanTEC® continues to forge the future of data security by offering the world's only shredder with an integrated fine dust filtration system. It's designed to capture irritating dust particles before they enter the air and cause the potential for discomfort. So breathe easy knowing your confidential documents are destroyed, and you've created a cleaner, healthier workplace.

For a Healthier Work Environment

Fine Dust Filtration

An integrated dust filter designed to capture harmful particles before they enter the air and cause discomfort.

Precision Milled Cutting Cylinders

Each DAHLE CleanTEC® Shredder features solid cutting cylinders milled from a block of German steel. They're perfectly aligned in an all-steel frame and guaranteed for life (excludes P-7 models).

Even Flow Lubricator

This internal, automatic oiler provides slow, continuous lubrication across the cutting mechanism. This system ensures optimal sheet capacity and peak shredder performance.

SmartPower Energy Management

A multi-stage system that reduces energy consumption after 10 minutes of sitting idle (sleep mode), and completely powers down after 30 minutes of inactivity.

Small Office

Model	Capacity	Sec Level
41214	9 / 11	P-4
41314	13 / 16	P-5
41322	9 / 11	P-6
41334	5 / 7	P-7

Office

Model	Capacity	Sec Level
41414	20 / 24	P-4
41422	12 / 14	P-5
41434	8 / 10	P-7

Small Department

Model	Capacity	Sec Level
41514	20 / 24	P-4
41522	11 / 13	P-5
41534	8 / 10	P-7

Department

Model	Capacity	Sec Level
41614	25 / 28	P-4
41622	15 / 19	P-5

*Sheet capacity varies depending upon paper weight, grain, and voltage
