WHY DAHLE?

When cutting problems arise, Dahle offers Cutting Solutions. From self-sharpening cutting blades to self-feeding pencil sharpeners, Dahle designs innovative products that take the industry by storm. We offer a complete line of personal and commercial grade products that exceed even the most serious demands for precision, quality, and innovation.

PRECISION

Whether you are interested in trimming a single sheet of paper or a stack of 700, Dahle paper cutters will give you the results you desire. Dahle blades have a self-sharpening, precision graduated edge that gives you the ability shave the tiniest sliver from the edge of your paper. Results of this caliber are made possible from over 80 years of cutting and sharpening experience.

QUALITY

Engineered and developed in Germany, our products are factory tested before release and designed to meet the strictest safety standards for both personal and commercial grade products. In purchasing a Dahle product, you will have the peace of mind knowing this precision item will provide many years of trouble free operation.

INNOVATION

Dahle continues to be an industry leader among cutting and sharpening products. Whether we're developing new items or improving our existing line, Dahle continues to lead the industry in safety features, design, and operation. Rotary safety shields, self-feeding pencil sharpeners, and mat cutting rolling trimmers are a few of the features that give our products the edge over the competition.
